

THE EVENING NEWS

DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 8.

ADA, OKLAHOMA, WEDNESDAY EVENING, AUGUST 9, 1911

NUMBER 108.

INVESTIGATING THE GRAY MURDER

Yesterday Sheriff Mitchell and County Attorney Wimbish took Frank Edwards, the alleged murderer of Wm. Gray to the scene of the killing and went over the route taken by him after the killing.

It develops that the murder took place at a small bridge about five miles west of Franks. Edwards told them of wrapping up the gun that was in the wagon and of hiding it in a tree. After some searching they found it in a tree not far from Hart, and it is said to have shown evidence of being recently discharged.

In various places they have found everything that was in the wagon that had any stain of blood on it, except Gray's hat. It is said that nothing was found to corroborate Edward's story about another man appearing and doing the shooting.

The officers brought him back on the afternoon train and he is in jail awaiting the preliminary hearing set for tomorrow morning.

FARMERS ELECT OLD BOARD

Stillwater, Ok., Aug. 8.—After one of the most spirited contests in years J. C. Elliott of Pauls Valley and O. A. Brewer of Helena were re-elected members of the state board of agriculture by the farmers' state institute today.

Only one ballot was necessary in each case. Mr. Elliott received sixty-one votes and J. J. Brown of Cleveland, his opponent, receiving twenty-four. William H. Murray of Tishomingo nominated Mr. Brewer. In his speech he did not refer to the state administration. W. F. Hendricks of Grant county nominated C. H. Hyde of Alva and Ewors White of McLoud nominated John Spaulding of North Enid. The vote stood: Brewer 43, Hyde 36, Spaulding 6.

Two ballots were necessary in electing the members for the unexpired term of M. F. Ikard. The first was J. R. Burleson of Grady county, 32; Lon D. Griffith of Marlow 41; J. T. Gibson of Lawton, 13.

Mr. Griffith won on the second ballot the vote being: Griffith 46, Burleson 39.

There was every indication early in the day that the convention would be turbulent, and when it came to President Bryan that some one would start a rough house, in a sense, the election of Brewer and Elliott was certain. He announced that two Payne County Deputy Sheriffs would be in the hall and preserve order. Only once did an officer come to the front. Remarks of George W. Vincent of

Rogers was taken as personal by ex-Senator Campbell Russell. Russell was not a delegate and was denied the right of reply on the floor. As the officer approached Mr. Russell moved away, but later held an impromptu gathering on the Bermuda grass in front of the Assembly building where he and others delivered speeches.

As a result of charges and statements made in the institute campaign suit for \$20,000 was filed in the District court today by O. A. Brewer against Charles E. Stott. Stott was formerly in charge of the district agricultural school at Helena. He now resides in Stigler.

S. S. WORKERS TO MEET AT ROFF

Mr. Nichols of Oklahoma City, state secretary of the International Sunday School Association, will hold an institute at Roff Sunday, August 20, and will organize a county Sunday school association.

Every Sunday school in the county, of all denominations, are urged to elect delegates to this meeting. Delegates will be entertained. As soon as chosen they are requested to notify Mrs. A. M. Waddill so that provision may be made for their entertainment.

Collision Near Durant

Durant, Ok., Aug. 8.—W. L. Hunter and T. A. Malloy, brakeman, and W. B. Shannon, fireman, were severely bruised and injured when train Nos. 43 and 102 on the Missouri, Oklahoma and Gulf were wrecked in a head-on collision south of Durant last night. Five negro laborers were also injured. They were riding on a car, which one engine was pushing.

Taft Signs Apportionment Bill

Washington, Aug. 8.—President Taft today signed the re-apportionment bill under which the house of representatives increased from 391 to 433 members with two more of Arizona and New Mexico are admitted. The bill gives Oklahoma three additional members in the lower house of congress.

A HARD FIGHT

OVER WOOL BILL

Washington, Aug. 8.—A crisis came today in the endurance contest between Senator La Follette and Chairman Underwood over terms of the wool bill, as a result it is assured that some sort of report will come from the conferees by Thursday night. Whether it will be an agreement or a disagreement is still uncertain.

House Getting Impatient.

The crisis was precipitated by Chairman Underwood, champion of the house, who informed Senator La Follette, champion of the senate, that he saw no good in waiting longer for acceptance by the senate's representative of the terms of compromise offered by him. Mr. Underwood wanted action of some sort, but the house was getting impatient. He therefore notified Senator La Follette that unless the latter could give assurances that the senate stood ready to accept the terms proffered by the house he would at once report to the full membership of the house conference committee that he and the Wisconsin senator had disagreed and the house would then be asked what its further pleasure was as regards its wool bill.

Asks for More Time.

Senator La Follette seems not to have expected this decisive course on the part of the chairman of the ways and means committee, and asked for more time. He explained it was not convenient or expedient to assemble the whole group of insurgent senators in meeting for the purpose of ascertaining just how far they would go toward granting the demands of the House for reductions in the rates on wool and woolsens fixed in the wool bill as it passed the senate. He said he was under the necessity of dealing with his insurgent followers one by one and that took time.

Chairman Underwood then agreed to give Mr. La Follette until Thursday to sound out the insurgent senators. If the result is a refusal on their part to grant concessions that Mr. Underwood regards as adequate he will report to his fellow house conferees, and later to the house itself, a disagreement on the wool bill.

May Settle by Saturday.

If the concessions offered by the senate representatives are substantial but not entirely satisfactory to Mr. Underwood he will ask for a caucus of house democrats, probably on Thursday night, and the situation will be laid before them for such action as they may see fit to take. If they agree to accept the terms offered by the senate then the compromise will be reported to the house and the wool bill will speedily be approved and sent to the president. If Mr. La Follette can induce the insurgents to grant terms entirely satisfactory to Mr. Underwood the conference report on the bill will be thrown directly into the house without a resort to a caucus and quickly disposed of. In any event Mr. Underwood feels that the fate of the wool bill will be settled by Saturday night so far as the house and senate are concerned.

It is probable the conference report on the free list bill will be held back until the wool bill is disposed of, as Senator La Follette is very anxious this should be done, and Mr. Underwood is inclined to oblige the insurgent leader.

BUSY WITH CITY AND COUNTY DIRECTORY

Glenn V. Mills, employed by the News to get out the county directory is hard at work interviewing the citizens of Ada, and is meeting with good success. The city and county both need such a book, and the News at great expense and risk has undertaken to supply the need. The town has reached a point where a directory is badly needed, and the News asks for the co-operation of the public, both in Ada and in the county.

Interest in Oil and Gas.

Norman, Okla., Aug. 9.—The subject of oil and gas never grows old in Oklahoma. Almost every week we read of a new oil or gas well. Only a very small per cent of the prospect holes put down, have proved barren. Already Oklahoma ranks with the most productive of her sister states in oil and gas production. And yet Oklahoma's oil and gas development is in its infancy, and much of the developed section is not being utilized.

Chas. N. Gould, director of the Geological Survey at Norman, in one of his publications, remarks:

"At a conservative estimate, not to exceed 25 per cent of the gas so far discovered in Oklahoma is now being utilized. Part of it is shut in, waiting a chance for utilization, but much of it is going to waste. It must be remembered, however, that only a relatively small percent of the oil and gas region of Oklahoma has ever been prospected, and a still smaller part developed. There is enough prospective territory untouched in Oklahoma to keep the drillers busy the next fifty years counting fifty years more for the last well brought in, and assuming that the greater part of the gas will be utilized and not permitted to go to waste, we may approximate one hundred years as the life of the oil and gas fields of Oklahoma."

When the extent and value of these minerals for fuel and manufacturing purposes is realized, and their value in attracting capital, it will be seen what a vast influence the industry will yield in the further development of Oklahoma.

Senator Frye of Maine Passes Away.

Lewiston, Maine, Aug. 8.—The state of Maine lost its senior United States senator and an almost lifelong faithful servant when William Pierce Frye died today at the home of his daughter, Mrs. Helen White, in this city. The end came at 3:55 p. m. At his bedside were Mrs. White and his other daughter, Mrs. Alice Briggs, who also resides in Lewiston. Although he had been ill for a long time, death came suddenly.

Forced by the condition of his health to resign his position as president pro tempore of the senate at the beginning of the present special

HAVE YOUR PICTURES

Framed at

SMITH'S
203-5 W. Main St.

session of congress, though he retained his membership in the senate, Senator Frye soon afterward made his last journey to the city which always had been his home.

Last week the senator's illness took a serious turn, but he again rallied and this week his physicians expressed the hope that he might recover. As late as 3:15 this afternoon he appeared to be in a comfortable condition.

A general breakdown due to age and his extremely arduous career, is ascribed by the senator's physicians as the cause of death.

Funeral arrangements had not been completed tonight. President Taft and Gov. Plaisted were notified of the death of Senator Frye.

John W. Gates Dies.

Paris, Aug. 9.—John W. Gates, the American financier, died at 5:10 o'clock this morning in the arms of his wife and son, Charles G. Gates.

The end was peaceful and it seemed as though he was falling asleep. The usual restoratives failed in the last crisis.

Others present at the bedside besides the members of the family were Drs. Gros and Reeves.

BIG BARGAINS IN BOOKS

Your choice of 500 Books similar to the kind we have shown in our window, this week for 25c, which is about half price in the regular way.

We have a nice lot of regular \$3.35 \$2.95 and \$2.45 values that we will close out at \$1.95.

UNION CAMP MEETING AT PICKETT, AUG. 26

A union camp meeting will be held at Pickett, six miles west of Ada commencing August 26. Everybody invited to come. Plenty of wood and water for all campers. Preaching by Revs. S. P. Dameron and Strong. Come and enjoy a good meeting. Ike Gilmore, Sam Vaughn, — Roberston, James Pritchett, committee.

ATWOOD WILL FLY FROM MILWAUKEE TO NEW YORK

New York, Aug. 9.—A. Leo Stevens, manager for Harry N. Atwood, the young aviator, has announced that plans had been completed for Mr. Atwood to make a flight from Milwaukee to New York, starting next Saturday and reaching this city in about ten or twelve days.

The shortest distance by railroad between the cities is 1,046 miles, which will make it the longest cross country flight ever attempted. The European circuit race was only about 950 miles and the British circuit race which ended last Saturday, was 1,010 miles.

"Victor J. Evans of Washington has offered \$10,000 to Mr. Atwood if he succeeds in the attempt," said Mr. Stevens.

Atwood is confident that he will win out at any rate he is going to try and he is not going to leave any effort unmade to win.

"After leaving Milwaukee on Saturday, the first stop will be made at Racine and the next one at Chicago. There Atwood will give exhibitions on Sunday and Monday at the National league baseball park.

"From Chicago the route will take him to La Porte, Elkhart, Bryan, Toledo, Sandusky, Lorraine, Cleveland, Ashtabula, Erie, Dunkirk, Buffalo, Rochester, Syracuse, Utica, Schenectady, Albany, Kingston, Yonkers and New York.

He will probably make his New York landing somewhere in the neighborhood of Coney Island. Atwood will carry with him duplicate propellers, wheels and tires. He will fly a Burgess-Wright bi-plane and hopes to make the one machine finish the race.

To provide against accidents delaying his flight, however, he will have a substitute machine with a Gnome motor awaiting him at Toledo. After he leaves Toledo this substitute machine will be towed after him by automobile. He will also have a substitute machine at Rochester.

Road Meeting at Purcell.

Purcell, Ok., Aug. 8.—A most enthusiastic mass meeting was held at the county court house last night at which strong declarations were made in favor of better county roads by several of the most prominent of

SENATOR OWEN AND THE RECALL

If Senator Owen is planning to
make the recall the paramount issue
of his campaign for re-election, we
are of the opinion that he will have
rough sledding. That issue is more
popular in the ranks of the socialists
than anywhere else, and they won't
vote for him anyway. It is our opin-
ion that since the operation of the
initiative and referendum has proved
such a nuisance in actual practice
in Oklahoma, that the people are not
likely to try any further experiments
along those lines. Instead of a bul-
wark the initiative and referendum
has proved to be mainly the refuge
of the discontented politician and the
man with an axe to grind. The recall
would probably be used just as it has
been in McAlester, Shawnee and in
Wichita, Kansas. Pete Hanratty had
scarcely taken his seat, before a re-
call petition was being circulated by
his enemies, who did not even have
the decency to wait to see whether
he was going to make good or not.
The mayor of Shawnee had not been
in office a week before the bootlegger
served notice on him that if he ap-
pointed a certain man, who they
knew would enforce the law, as chief
of police, they would recall him, and
finally compelled him to back down.
Wichita is in the midst of a hot re-
call campaign brought about largely
by the refusal of the mayor and com-
missioners to be held up by the own-
ers of an antiquated waterworks sys-
tem which they want to unload on
the city. Nobody wants that sort of
a recall, and it occurs to us that our
Bob had better pump the other pedal
a little.

Another guy thirsting for notoriety
has succeeded in breaking into print.
He is a Dr. Somebody up in Kansas,
a member of the state board of
health, who insists that all the cats
in the state must be shaved or killed.
He says cats carry too many disease
germs in their hair to be safe. It is
now up to some enterprising citizen
to open cat barber shops. It will be

something out of the ordinary to see
dames in high society headed for a
shop of this kind, taking a basketful
of her pets to be shaved. Poor pussy.
Her troubles are beginning in real
earnest.

The poor old Muskogee Phoenix is
continually getting its foot into it in
the endeavor to create a sensation.
The latest break was an alleged in-
terview with Chairman Hunter in
which it was shown that Roosevelt
had been whipped into line by the
steel trust when it was ready to
swallow up a big competitor. It did
cause something of a ripple for a day
or two, but now Hunter comes back
and brands the whole thing as a fake.
That has been the fate of several other
incipient sensations sprung by the
Phoenix. Don't be discouraged, brother,
but come again.

Even fate itself seems to be in
league with the democratic party.
Just after the party carried West Vir-
ginia for the first time in sixteen
years, Senator Elkins died suddenly,
leaving his place to be filled by a
democrat. Yesterday Senator Frye,
who has represented Maine for the
past thirty years, and who was the
leader of the standpatters in the sen-
ate died, leaving another vacancy
which will be filled by a democrat.
His death cuts the strength of the re-
publicans in the senate to 49 and
gives the democrats 42, with a va-
cancy from Colorado which will lat-
er be filled by a democrat. It makes
the republican majority too small to
be relied upon and will give rise to
some interesting complications when
congress meets again next winter.

Frisco Safety Committee.

Prompted by the statistics in the
accident bulletins of the Interstate
Commerce commission and their own
knowledge and observation the em-
ployees of the Frisco have arranged
for the organization of Safety com-
mittees, by which it is believed the
number of easily avoided accidents
resulting in injuries to employees will
be greatly reduced.

These statistics show that in the
year ending June 30, 1910, 3,418 rail-
way employees were killed and 68,925
were injured. Of this total one-fifth
of the number killed and one-tenth
of the injured was due to collisions
or derailments; the remaining four-
fifths of the number killed and nine-
tenths of those injured was, to an
overwhelming extent the result of
trivial causes which could have been
easily corrected.

The loss or injury of an employee as
his family sustains by reason of his
result of an accident; the great harm
impairment or loss, and the necessity
of placing a green man in his place,
which increases the risk to the busi-
ness and the peril of other employees,
are factors recognized by the rail-
roads of far more importance than the
mere question of dollars and cents in
the settlement of claims.

This organization which the Frisco
employees have formed is unique not
only in the Southwest, but in the
United States. It will consist first of
a Central Safety committee, a com-
mittee for each division, shop com-
mittee, round house, yards and sta-
tion committees.

The duties of these committees
will be to discover defective condi-
tions or careless practices local to
their division or plant. Further that
the necessary improvements or remedy
is brought about, and if the matter
is of general applicability or inter-
est, it is reported to the Central
Safety committee, and all recommen-
dations thought to be proper and
practicable by this committee are to
be submitted to the management.

The names of the members of the
committees are to be placed at places
where the employees congregate, in
order that any employee may go to a
member of the committee with a sug-
gestion or recommendation.

The committees are to meet once
a month, and report upon the correc-
tions they have made and the recom-
mendations.

DEMOCRATIC BALL TEAM DEFEATS REPUBLICANS

Washington, Aug. 9.—Democracy
triumphed again Monday when re-
publican congressmen bit the dust—
some of them swallowed quarts of it
—on the baseball diamond in the
struggle for the championship of the
house of representatives. The score
was 12 to 9. Charges may be pre-
ferred against the democratic umpire,
James F. Byrnes, of South Car-
olina, who had a rabbit's foot in his
pocket, and republican ball players
charge a loaded half dollar also.

The game, played for charity, real-
ly was decided by the umpires, Wil-
liam M. Wilson, republican of Illinois,
did all he could to stem the tide of
party defeat, but on all close deci-
sions when infuriated members of
both parties crowded on the field and
threatened riot, the only solution
was for Byrnes and Wilson to resort
to the toss of a coin. Byrnes had the
coin and did the tossing. Byrnes won
every time.

"You're safe," he invariably order-
ed, reversing the decision of the re-

A MISSISSIPPI ENTHUSIAST

Mrs. Lena Gresham, of Clinton,
Miss., Has a Few Facts to
Tell Our Readers About
Cardui.

Clinton, Miss.—"Thanks to Cardui,"
writes Mrs. Lena Gresham, of this place,
"I have been greatly relieved."

"I suffered for three years from female
inflammation, and had taken medicine
from four different physicians without
much benefit.

"I have received more benefit from
seven bottles of Cardui, than from all the
physicians."

Just try Cardui. That's all we ask.
It speaks for itself. It has helped so
many thousands, it must be able to
help you.

Trying Cardui won't hurt you. It is
safe, harmless, gentle in action, and
purely vegetable.

If you are weak, tired, down and out,
try Cardui.

If you are sick, miserable, and suffer
from womanly pains, like headache,
backache, dragging feelings; pains in
side, arms, legs, etc.—try Cardui.

It is the medicine for all women.
It is the tonic for you.

N. B.—Write to: Ladies' Advisory Dept., Chat-
anooga Medicine Co., Chattanooga, Tenn., for Special
Instructions, and 64-page book, "Home Treatment
for Women," sent in plain wrapper, on request.

publican umpire. Thus were the fates
with the democrats, although they
had no such gilt edged ball players
in their team as the Hon. Nicholas
Longworth of Ohio.

Longworth, shortstop for the re-
publican team and its captain, played
like a fiend in the field and pounded
out two 2-baggers and a home run.
The ball he knocked for a home run
was stolen by a canal boat driver who
found it in the canal below the
heights of Georgetown upon which
the game was played.

In the third inning—there were
only four innings because another
would have meant physical defeat for
all concerned—Representative Webb,
democrat of South Carolina had been
neatly caught at first base, but in
his desperation he had knocked down
Representative Slemph who was guard-
ing the bag. Umpire Wilson called
him out.

"Stay where you are," shouted Um-
pire Byrnes as he ran forward,
"swallow no such republican dicta-
tion. He thinks he's Joe Cannon."

Then there was a conflict of ton-
gues and some serious threats which
startled the audience of Washington
social and congressional circles until
it was agreed to toss the coin on the
proposition that the coin would be
the umpire. The democrats won.

Again when Representative Murray,
democrat, of Massachusetts, had gone
to second base and was there being
touched out by Representative Ken-
dall, republican of Iowa, Umpire Wil-
son called him out. Byrnes again or-
dered him not to stir from his posi-
tion of party regularity and to sit on
the bag. Another near riot, another
coin tossed, again the democrats won
and three more runs crossed the
plate.

It was a lurid game while it lasted.
the gophery battery, Miller and An-
derson of Minnesota, carrying off hon-
ors for the losers, and Webb of North
Carolina, and Kinkead of New Jersey,
officiating for the democrats. Others
who participated for the republicans
were Lafferty, Oregon; O. F. Clemp,

Virginia, first base; Porter, Pennsylv-
ania, who made three hits, third
base; Reyburn, Pennsylvania, left
field and Farr of Pennsylvania, right
field.

Supporting the democratic battery
were Harrison, Mississippi, third
base; Reilly, Connecticut, who lasted
one inning and McDermott, Illinois,
first base; Carter, Oklahoma, second
base; Driscoll, New York, left field;
Garrett, Tennessee, center field and
Scully, New Jersey, right field. Scully
knocked a home run, the ball landing
in Congressman Copley's automo-
bile.

Thermometer Climbs Some.

Prof. Ralph Brooks informs the
News that at 2 o'clock this afternoon
the government thermometer stood
at 102 1-2, the high mark of yester-
day. It probably reached above that
later in the afternoon.

Look Out.

If you want to pay for hot air and
buy trees from a nursery or agent
that will sell you anything, do so,
but if you want to buy nursery
stock from a nursery that sells noth-
ing but what they have tested them-
selves, first-class whole root trees
free from disease, buy from A. M.
Griesa, Mount Hope Nursery, Law-
rence Kas.

pecting tour, returned home this af-
ternoon. However, he has decided to
locate at Ada for the practice of law
and will be back about ten days
hence.

Oklahoma Rivers on the Rise.

Oklahoma City, Aug. 9.—All rivers in
Oklahoma are on a rampage as a re-
sult of the recent heavy rains in Kan-
sas and Colorado. The highest mark
is reported on the Arkansas river
which is now at the flood stage and
still rising. Government officials pre-
dict that the lowlands along the river
will be flooded. At Van Buren, Ark.,
where a large iron bridge is under
construction three spans of the bridge
have been washed away, while re-
ports indicate that portions of Pine
Bluff which suffered heavily sever-
al years ago in high water, are again
endangered.

The cimarron river is reaching an
unusual height, and at Guthrie, is al-
ready backed up into the city. Bridges
and trestles are being carried away,
while all lowlands are under water.
The Grand river in eastern Oklahoma
is the highest it has been in five years
and is still rising. Warnings have
been issued by the Frisco railway of-
ficials to trainmen to watch bridges
at both Miami and Wyandotte.

The South Canadian is also rising
but no dangers expected on this river.
Normal conditions prevail on the
North Canadian.

The rise is declared to be due to
the heavy rains in Colorado, the Tex-
as Panhandle and Kansas which has
resulted in great damage in these
states. Many railway bridges are
washed out and other trouble experi-
enced by railways.

Poison in Stomachs

Dangerous Gases Arising from Undigested
Food. Digestit, the New Relief for Indi-
geition. It Prevents Stomach Gases.

Thousands of people all over this
broad land are being slowly poisoned
to death. They eat rich foods, drink
strong drinks, keep late hours. Food
lies undigested in their stomachs,
causing poisonous gases to arise from
masses of fermenting food. These
gases slowly poison the blood, dead-
en the nerves, weaken the heart, clog
the brain until the whole system is
affected. Digestit, the New Relief for

stomachs, relieves the stomach almost
instantly by digesting all the food
that the overburdened stomach cannot
handle alone. It not only digests this
food, and prevents all poisonous
gases, but creates a healthy appetite
—makes the stomach hungry for
more. It helps the stomach digest all

Classified Advertising

Divides this Paper's
Readers Into Dif-
ferent Groups

One group will read all of the Situations Wanted
Ads—because every person in that group is look-
ing for a worker.

A second group of readers will read all of the Fur-
nished Rooms To Let Ads—because every person
in the group is looking for a furnished room.

A third group will read all of the Real Estate Ads
—because every person in the group is a prospec-
tive buyer of real estate.

A fourth group will read all of the Business Op-
portunity Ads—because this group consists of peo-
ple who MAKE THEIR MONEY WORK FOR
THEM—and are ALWAYS looking for GOOD
JOBS FOR DOLLARS.

Thus every classification draws to itself a group
of readers influenced by self-interests—to every-
one of whom that classification of ads. means
PERSONAL OPPORTUNITIES.

Your classified ad. therefore, has an audience
awaiting it—an audience of alert people, anxious
to consider your offer or your want, and to do
business with you if your proposition is plausible.

ALL OUT OF SORTS.

Has Any Ada Person Never Felt That
Way?

Feel all out of sorts?
Tired, Blue, Irritable, Nervous?
Back feel lame and achy?
That's the story of sick kidneys—
Bad blood circulating about;
Uric acid poisoning the body.
Just one way to feel right again,
Help the sluggish kidneys;
Do it with Doan's Kidney Pills.

Mrs. S. E. Wall, south of Rock Is-
land Road, Holdenville, Okla., says:

"For some time dull, bearing-down
pains through my kidneys and loins
kept me in misery. A few months
ago I heard of Doan's Kidney Pills
and I procured a box, as the remedi-
es I had previously used had been
of little benefit. Doan's Kidney Pills
proved to be all that was claimed for
them and gave me prompt relief."
For sale by all dealers. Price 50
cents, Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other. 25

It Was Some Warm.

No one needs to be told that yester-
day was a hot day, but there has
been quite a divergence of opinion re-
garding the maximum temperature.
Prof. Ralph Brooks, however, states
that his government thermometer
registered 102½. That mark brings
up heated memories of June.

To Owners of Real Estate In Pontotoc County

There are frequently found, upon
examination, unknown and unsus-
pected clouds upon the title of real es-
tate, such as unpaid taxes, uncan-
celled mortgages, mechanic liens,
judgments, deeds of conveyances de-
fective in signature, in acknowledgment
or description, adverse claim-
ants, errors made by conveyancing
officers, and innumerable other de-
fects, any of which may exist, all un-
suspected by the owner, who fondly
believes his title clear, but who real-
ly knows nothing about it, because he
has never had an investigation made
and an abstract of title prepared.
Most of these clouds and defects
could be cleared and cured were their
existence known in time; but they
lay dormant and are not discovered
until the owner is rudely awakened
from his fond dream of security by
some progressive speculator or pur-
chaser offering a good round price
for his property, but demanding an
abstract of title as the first condi-
tion of the sale.

G. A. South of Egypt community, returned from Sulphur this morning where he has been recuperating for a few days.

Capt. S. H. Hargis arrived this morning and will spend a few days visiting his sons and shaking hands with his many old time friends.

A fishing party composed of J. T. Conn and wife, Mesdames Higgins and Mays and Miss Ina Gray, took in the sights of Byrd's Mill today.

Rev. R. E. L. Bearden and family, who have been here on a visit to Prof. T. W. Robison and family, returned to Morrilton, Ark., this morning.

Attention is called to the half-page ad of M. Levin in this issue. Mr. Levin always means exactly what he says when he speaks, so it will be to your interest to read this ad.

Mrs. M. M. Carnes, who was severely injured Monday evening by being hit in the forehead, was able to be back at her post today. While riding in an auto she was struck and knocked senseless with a carelessly thrown

J. Barack left this morning for St. Louis, New York and other eastern markets where he will buy the finest stock of goods ever brought to Ada. It is the intention of the Gubin-Barack Co. to keep right up in the front of the procession and to cater to every class of trade to be found in Pontotoc county.

Mrs. Surrall of Atoka, who has been here on a visit to her daughter, Mrs. J. M. Perry, returned home this morning.

C. M. Fulton, C. L. Wells and I. M. Fulton, three hustling young farmers from Bells, Texas, are here prospecting. If they find what they want and most likely they will before they leave, they will move to this county in the near future.

Mrs. W. M. Wilson and children will arrive from Muskogee this afternoon for a visit to Mrs. R. O. Wheeler and other friends.

N. Hughes, postmaster of Steedman, and his wife passed through this morning en route to Holdenville and Konawa where they will visit for week or two. Mr. Hughes says that although boll worms are doing some damage around his community, the prospects for cotton could not be finer.

In Rev. Sweet's absence, Prof. Briles will conduct the prayer service tonight at the First Methodist church. The Sunday school lesson will be discussed.

Andy Chapman received word yesterday from Mrs. Chapman, who is visiting at Sulphur Springs, Texas, that their little daughter, Edith, is suffering from an attack of fever. He left last night for Sulphur Springs.

Prof. E. P. Downing, at one time superintendent of the Roff school, later professor of English in the Weatherford normal, and now holding a similar position in the Baptist university at Shawnee, is in town, the guest of Prof. E. E. Matthews and wife.

Prof. E. E. Matthews has been elected superintendent of the Vanoss school and will begin work about Sept. 1. He is one of the most successful teachers in the county and the Vanoss board is fortunate in securing his services.

Chas. Orr of Norman, assistant treasurer of the state university, was in town yesterday, the guest of Murrell Matthews.

Francis.

J. A. Arms, marshal of Francis, resigned Wednesday evening and the board of trustees appointed W. H. Brown to fill out the vacancy.

J. Adams, having resigned some weeks ago his membership on the Board of Trustees, the Board last week appointed S. W. Rodgers to fill the unexpired time. Mr. Rodgers took the oath of office Monday night.

J. A. Smith once the cashier of the Francis Bank was in town last week with his usual happy smile for everybody. Mr. Smith has not been placed yet but we hope that he will get a good situation and make a great success.

James Kerns, boilermaker at the round house, is putting new flues in the stationery boiler at the round house. When the work is done we

DR. H. H. WYNNE, OCUList, Oklahoma City Specialist of the Eye, Ear, Nose and Throat will be professionally in Ada, Monday, August 21. Glasses fitted. Inquire of Dr. R. F. King or Mad-Ox Drug Store. One regular monthly visit—3rd Monday each month.

hope we will again hear the sweet voice of the dinner whistle.

School at Cedar Grove closed last week on account of scarlet fever in that neighborhood. It will remain closed until the first of October.

A citizen of Francis brought into our office a peach that measured 11 inches in circumference one way and 12 inches the other. This peach was grown in a small orchard in town.

It is rumored here that there is a movement started to organize a fruit growing company or association to buy up some land near town and start a commercial orchard.

The Board of Trustees Monday night passed to the second reading the water ordinance regulating the water rents, tapping the mains and the appointment of a water supervisor.

The last report from the water works is that the power house is almost complete and that the cottage is finished. The other work is standing still waiting for the transportation company to get the pumps here. The pumps are shipped and are expected to arrive every day.

Open bolls of cotton are being brought in by the farmers and the prospects are still very good for a large yield and early picking.

The Harvey house accidentally caught fire in the boiler room last week but was extinguished by a reversible extinguisher before much damage was done.

S. H. Charles, superintendent of the Red River Division of the Frisco, has had the platform and approach to the south and west sides of the depot taken up and it would be better for the town if he would take up the whole building and replace it with a better one.

City Marshal Brown has summoned a crew of men to work the streets Wednesday and says that he is going to put Main street up in good shape.

John Stephens had two horses stolen from the hitch rack in Francis Monday night. A number of the citizens of the Cedar Grove neighborhood are now out after the thieves but up to this time we have no report from them.

NOTICE OF ELECTION.

Notice is hereby given that a special election will be held in the City of Ada, Oklahoma, on the 21st day of August, 1911, for the purpose of submitting to the qualified voters of said city the question:

"Shall the City of Ada, Oklahoma, sell the Eighty (80) feet of lots 1, 2, 3, 4 and the west eighty (80) feet of the North five (5) feet of lot 5, of block One Hundred Five (105), together with the Twenty (20) feet formerly used as an alley in said block, but now owned by the City of Ada, Oklahoma, making in all One Hundred (100) feet in said block One Hundred Five (105) of said city, particularly described as follows, to-wit: Beginning at the N. W. corner of the City Hall, thence One Hundred feet west on Twelfth street; thence One Hundred Five (105) South, thence One Hundred feet East; thence One Hundred five (105) feet North to point of beginning.

() "Yes"
() "No"

The places of holding said election in said city shall be as follows, to-wit:

In Ward No. 1, at City Hall.
In Ward No. 2, at Ada National Bank building.

To the Public.

We have lately overhauled our mill and installed some new machinery including the latest up to date methods in modern milling which enables us to make the clearest flour that is possible to be made from wheat.

In order to introduce our new flour and convince you that there is no better made we will sell until further notice at \$1.00 and \$1.10 a sack.

Patronize Home Industries.
All things being equal people should patronize home industries thereby helping to build up your city and county.

But we don't want to take advantage of that fact in order to sell you inferior flour. Ada flour stands on its own merits and is second to none in the state. Remember that our mill pays taxes in your city and county.

So try our flour and if you like it continue to buy it thus helping to build up a home institution.

ADMISSION, 5c and 10c

SENATE PASSES

STATEHOOD BILL

Washington, Aug. 8.—The bill granting statehood to New Mexico and Arizona, legislation that has been for many years the dream of the people of those territories, was passed by the senate Tuesday night, 53 to 18, after rejection of the Nelson amendment which proposed striking out of the Arizona constitution its judiciary and recall provision.

The bill as passed by the senate differs only slightly from the house measure and, it is said, may be unsatisfactory to President Taft. He has contended all along that he would be glad to sign the statehood bill if the Nelson amendment prevailed, but that it was a grave question whether he would be willing to sign it if the amendment were defeated, as it was by 43 to 26. The indications Tuesday night are that the bill will become a law without his signature.

To Hasten Action.

The senate amended the house bill with two minor changes regarding the manner of voting in New Mexico on proposed amendments to its constitution. These will undoubtedly be agreed to by the house and the bill expedited to the white house. These amendments were reported by the senate committee on territories and agreed to without debate.

Practically all of the debate on the bill centered around the Nelson amendment. Even some senators who declared their opposition to the recall of judges voted against the amendment on the ground that if the people of Arizona desired recall as part of their system of government it was for them and not for congress to say whether they should have it.

The bill as passed compels Arizona as a condition precedent to entry into the union to submit the recall proposition to the voters for final decision as to whether it shall remain in their constitution. New Mexico must vote on a proposition embodied in the bill which would make the constitution of the state easier of amendment.

The test vote came on the Nelson amendment which was lost.

After this had been defeated it was thought the bill would be adopted without division, but Senator Bailey called for the ayes and nays.

Kile's Auto will call for you anytime or place. Price 25c each. Phone 446. 106-3rd

McCURTAIN CO. JUDGE

RESIGNS UNDER FIRE

Alleged to be the result of the recent investigations in McCurtain county, by Miss Kate Barnard, state commissioner of charity and corrections, and her attorney, Dr. J. H. Stolper, County Judge T. J. Barnes of McCurtain county tendered his resignation, which was accepted last evening by the board of county commissioners of McCurtain county, sitting at Idabel.

Dr. Stolper, Miss Barnard, the United States government and the tribal officials of the Choctaw nation are working to clean up conditions in McCurtain county, which are said to be even worse than in Seminole county a year or so ago.

A citizen of McAlester held deeds to 1,800 tracts of Indian land in McCurtain county, which were said to have been secured by fraud and with scarcely no consideration. It is said

that the officials have gone deeper into the matter and now declare there are no less than 6,000 deeds involved. The charge is made that a conspiracy existed between certain officials of the county and a big land grafter to corral all the minor Indian land in the county. It is said that 500 cases will be at once submitted to a board of arbitration and where it is found that an inadequate consideration was given the lands will be deeded back to the Indians.

The state and government officials are still investigating conditions and the full extent of the grafting on Indian lands cannot be ascertained at this time. It is declared that the officials are gathering new evidence every day and other county officials may resign within the next few weeks.

Notice to the Public.

On and after this date you can get "All Winglet" cigars for 5c each at 107-1f JONES DRUG CO.

The motor at the reservoir pumping station burned out today and the plant put out of commission for the time being. It is being replaced, however, and sometime tonight the pump will be going once more.

Sheriff Mitchell requests the News to state that he has orders from Judge McKeown to keep all attorneys out of jail when they desire to confer with their clients confined there. If necessary to speak with a prisoner, he will be brought out of jail into the court house on request of the lawyer.

MAY INITIATE

DISTRICTING BILL

News comes from Muskogee that the republicans are preparing to initiate a congressional districting bill. The law recently enacted by congress contained a provision that permits this in states having the initiative and referendum, and in case the legislature passes a districting bill it may be referred as in the case of other laws.

This puts a serious face on the situation, for a bill initiated could be easily carried by the combined vote of the republicans and socialists and it is easy to guess what sort of a bill it would be. This contemplated action on the part of the republicans may force Gov. Cruce to call a special session in order to head it off even though he does not personally desire to do so.

NOTED PREACHER AND MUSICIANS COMING

Dr. J. M. Carroll, president of the Oklahoma Baptist university of Shawnee, will preach at the First Baptist church Sunday evening. On Monday evening the faculty of the school will render a musical program at the church which will be free to everybody.

They were the guests of the Ad Club of McAlester Tuesday evening, and a dispatch says of them:

The Ad Club had as their guests Dr. J. M. Carroll, president of the Shawnee Baptist university, and his faculty of the music department. The guests were Dr. J. M. Carroll and his daughter Miss Edna May Carroll, and the faculty, Miss Tydfil Mavia Brown, graduate London Royal College of Music, and who has sung regular for the king and queen of England; Prof. Albertus Shelley Hiester, graduate of the King's Conservatory of Dresden, and under Joachim Herr of Berlin, and several other conservatories; Prof. Fred-

rick Libke and wife. Prof. Libke is a graduate of New England Conservatory of Music.

This is by far the greatest meeting that the McAlester Advertising club has ever had. The attendance was fifty, and all the business men have expressed their thanks to Dr. Carroll.

Notice to the Citizens of Ada.

On the 25th day of January, 1910, the Council of the City of Ada, among other things, passed an ordinance requiring that every building within the sewer district where main or lateral sewers are provided for within 300 feet shall be connected therewith within ninety days after the completion and acceptance of such main or lateral in the street or alley abutting upon any lot occupied by a building.

Now, on account of the fact that the water supply of the City of Ada has been very limited for quite a lengthy period of time, no effort has been made to enforce said ordinance, but as we now have an abundance of water, all parties living in said City of Ada, are hereby notified that they must at the earliest practical time connect

with such sewers as required by said ordinance.

The health of the city demands that you give this matter your prompt attention, and let there be no delay in attending to same.

Respectfully submitted, S. E. CHAPMAN, Mayor of the City of Ada
